Re: EPA's Proposed Cleanup Plan for the Commerce Street Plume Superfund Site,  
Williston, Vermont

Dear Mr. Mandel:

The U.S. Environmental Protection Agency ("EPA") is in the process of selecting a remedy (cleanup plan) for the Commerce Street Plume Superfund Site ("Site"), located in Williston, Vermont.

EPA's cleanup plan to address contamination at the Site (referred to as a preferred alternative) is summarized in a document known as a Proposed Plan. The Proposed Plan describes the Site, the cleanup alternatives considered by EPA and EPA's preferred alternative, after consulting with the Vermont Department of Environmental Conservation. A copy of the Proposed Plan is enclosed. The plan and more information about the Site may also be found on our website at [www.epa.gov/region1/superfund/sites/commercestreet](http://www.epa.gov/region1/superfund/sites/commercestreet).

EPA will be accepting public comments on the proposed cleanup plan for 30 days, beginning August 6, 2015. Written comments must be postmarked or sent (in the case of email or fax) no later than September 4, 2015 via the addresses provided in the enclosed Proposed Plan. In addition, verbal comments on the proposed remedy will be accepted during a formal public hearing which is scheduled for August 12 at 8:00 p.m. at Town Hall, 7900 Williston Road, Williston, Vermont. The hearing will be preceded by an informational meeting at 7:00 p.m. at the same location.

If you have any questions, I can be reached at 617.918.1348 or [lumino.karen@epa.gov](mailto:lumino.karen@epa.gov). Otherwise, your attorney may contact John Hultgren, Enforcement Counsel, at 617.918.1761 or [hultgren.john@epa.gov](mailto:hultgren.john@epa.gov).

Thank you for your attention to this very important matter.

Sincerely,

*Karen M. Lumino*
